

THE ECONOMICS SOCIETY, SRCC

ANNUAL 20 BULLETIN 26

ONE SOCIETY, INFINITE POSSIBILITIES.

Carrying on the Legacy.

ABOUT US

The Economics Society, SRCC is a student-led initiative intertwined with the core principle of academic research enshrined within the institution. In its pursuit of knowledge, the Society spearheads diverse initiatives, from primary data projects and academic journals to comprehensive policy and research reports, intricate data analysis, and interactions with luminaries and organisations. As one of the oldest Societies of Shri Ram College of Commerce, we proudly carry the torch of our rich legacy of over 50 years, towards a future of infinite possibilities.

OUR VISION

Immersed in the ethos of economic exploration, The Economics Society, SRCC strives as a beacon of excellence while upholding principles of academic integrity and intellectual discourse. With a legacy steeped in meticulous research, we strive to redefine economic narratives through our commitment to pioneering analyses and scholarly pursuits. Our vision extends beyond academia, seeking to shape societal understanding and policy implementation. Rooted in the values of precision, integrity, and knowledge dissemination, our vision is to create a legacy that resonates with the transformative power of economic insight.

STARTUP AND INNOVATION INDEX

The study focuses on the theme of Startup and Innovation, with an extensive dataset covering 30 parameters across more than four domains for all 30 States and Union Territories of India. The report analyses the current status of startups and then gives targeted recommendations for a more efficient approach for developing and fostering the Indian innovation environment.

THE ENERGY TRANSITION INDEX

The Energy Transition Index evaluates the progress of Indian states from 2014–2025 toward sustainable energy systems. It uses 22 parameters across three key dimensions such as economic health, power supply and infrastructure, and energy access and demand to assess readiness, efficiency, and equity in the transition, enabling a comprehensive comparison of state-level performance.

OUR CAMPAIGNS

The Economics Society's flagship campaign that deconstructs current economic events into clear insights, combining key facts with sharp visuals to reveal the real bottom line.

The Bottom Line

Quirkonomics

A visually engaging and stylistic campaign that breaks down quirky economic theories, myths, and paradoxes into insights that make economics intriguing.

Data Lens

A data-based campaign featuring sleek, single-slide visuals that transform insightful economic data into compelling and intriguing statistical accounts.

Statshot

A story-based campaign where each week features a thought-provoking and interesting statistic that captures an important insight from around the world.

MEET THE TEAM

The Economics Society extends its deepest gratitude to Mr. Abhishek Khadgawat, our esteemed Teacher-In-Charge, for his support and guidance. Under his mentorship, the Society has continued to uphold its legacy as a leading forum for insightful discussions on economics. Grounded in meticulous research and forward-thinking initiatives, we strive to equip students with essential analytical skills and a deeper understanding of real-world complexities.

From managing a dynamic DataLab to fostering collaborations with distinguished scholars across the nation, the Society remains committed to professionalism and academic excellence. Mr. Khadgawat's encouragement and oversight have been invaluable in ensuring the seamless execution of our initiatives and the continued success of our endeavours.
